Activate your gene of longevity

## PROTOCOL

### Product Use

#### Application Methods:

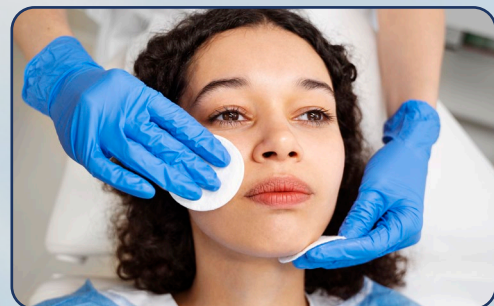

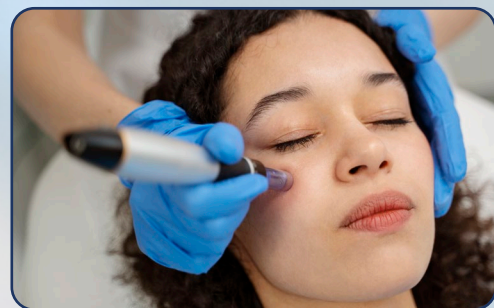

- Use of a needling pen; the needle depth was 0.3mm
- Apply the product evenly to the treated area
- Gently massage until fully absorbed
- After the treatment, remove any residue using a cotton pad soaked in water
- Apply a moisturizing and sunscreen cream to soothe the skin.

**Treatment Areas:** Face and Décolleté

**Dosage:** Face: 0.6–0.8ml per side

Face & Décolleté: 2.5ml total

**Post-Treatment:** Use a sunscreen daily for 7 days to protect the skin.

### Product conservation

Store in a dry, cool and clean place at a temperature between 5°C and 25°C in the original packaging. The product has a shelf life of 3 years from the manufacturing date when stored in its original, unopened packaging under recommended conditions.
